One Chef.
Infinite Worlds.
Endless Creations.

The visual, verbal and interface system for The Chef Code and Chef Bot.

A story-driven technology brand.

The Chef Code transforms discoveries from Chef Bot's culinary universe into automated food and beverage experiences in the real world.

CORE IDEA

One Chef. Infinite Worlds. Endless Creations.

RELATIONSHIP

The Chef Code is the company and system. Chef Bot is its recognizable central protagonist: curious, friendly, inventive and slightly adventurous.

Curiosity becomes creation.

01 Explore > 02 Discover > 03 Create > 04 Automate > 05 Share

Every story begins with wonder. A discovery is translated into an idea, engineered into an automated system, then shared as a useful real-world experience.

03 / CHARACTER

Always Chef Bot.

His world can change. His recognizable silhouette, chef identity, expressive eyes and compact proportions must remain.

DO	Protect the chef hat, eyes and friendly silhouette.
DO	Use clean studio or story-led cinematic light.
AVOID	Publishing internal turnarounds as campaign artwork.
AVOID	Cropping away every identifying feature.

Precision meets possibility.

DISPLAY / SORA

Infinite worlds.

BODY AND UI / INTER

Curiosity becomes creation.

Use Inter for paragraphs, navigation, labels, specifications, data and product interfaces.

A hierarchy for every screen.

Discovery, made real.

Use Chef Bot to carry narrative emotion. Use product imagery as the bridge from fictional discovery to engineered experience - never as a disconnected sales interruption.

DO

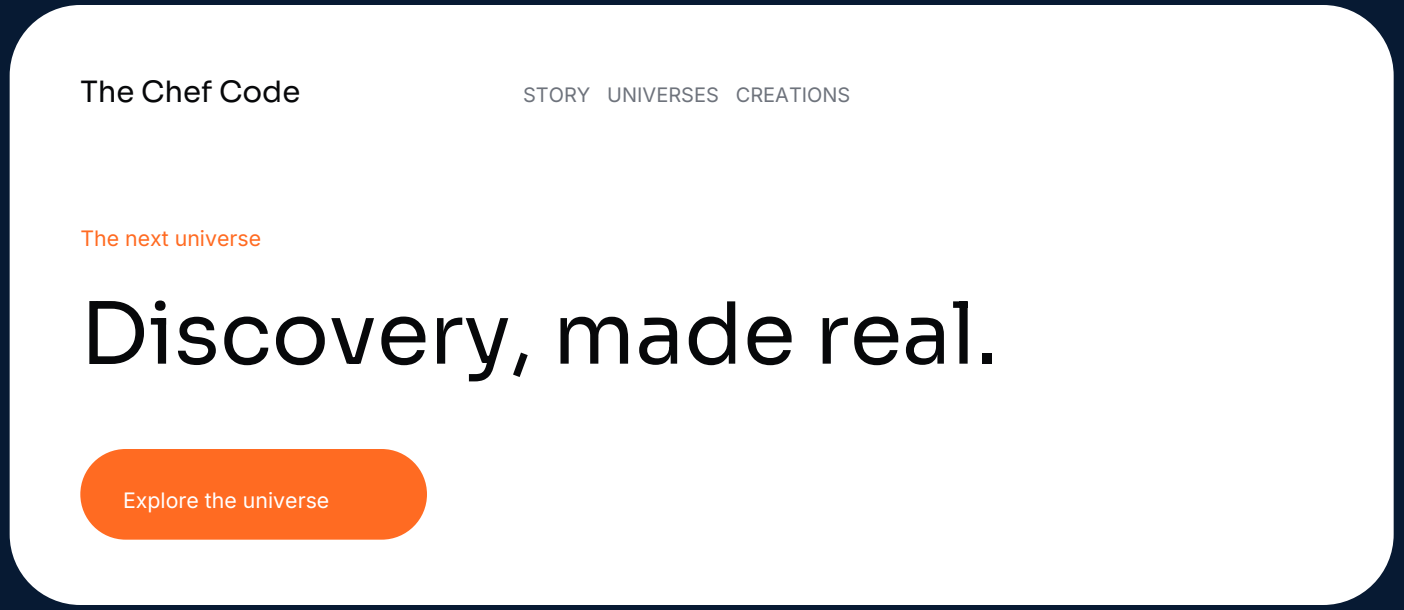

Protect subject focus, give imagery breathing room and keep light direction intentional.

AVOID

Busy overlays, stretched assets, inconsistent character proportions or public use of reference sheets.

Clear, warm and quietly futuristic.

REVEAL

800 ms

Gentle rise with restrained easing.

HOVER

250 ms

Subtle elevation, never spectacle.

REDUCED MOTION

Required

Remove motion; preserve meaning.

Wonder without noise.

CURIOUS

Invite discovery.

INVENTIVE

Make technology tangible.

FRIENDLY

Use plain human language.

CINEMATIC

Write in scenes.
